Alabama Street Corridor Multimodal Safety Improvements

Based on the results of the feasibility study, the project will improve safety for pedestrians, bicyclists, transit riders, and motorists by reconfiguring lanes, adding median curb and pedestrian crossings, replacing speed limit signs to lower the speed limit, and resurfacing pavement.

Western Washington Commercial Vehicle Origin/Destination Study

This study will continue a regionally important time series of cross-border freight data adding a 2015 sample to 2009 and 2000. It will inform evaluation of investments and policy making; especially regarding east-west links between alternate cross-border routes, impact of changes in trusted trader program parameters, and scenarios under future legal and regulatory shifts such as adoption of a pre-clearance agreement under the U.S.-Canada Beyond the Border Action Plan.
